NEED A BREAK FROM YOUR DAILY JUGGLING ACT?

DON'T KNOW HOW TO SLOW DOWN?

Navigating work, family and finances, all while caring for children and aging parents is stressful. If this sounds familiar, you are not alone. Together we will create a unique awareness program especially designed to fit your busy lifestyle.

By finding peace of mind and calm you will create more internal space and experience longer breaths. Mind chatter slows and stillness arises. Next thing you know... you are in the present moment.

ISN'T IT TIME FOR YOU?

Fee: One session/\$85; Three sessions/\$225
